- Floor-mounted cab heater ..... 36
- Fan for operator comfort .....38
- Tire flatproofing ..... 39

*Technical specs are subject to change without prior notice*

# Applications

From concrete to grass, the LR50 can tackle all types of urban terrain with ease.

- Parks and grass areas
- Sidewalks
- Bike and pedestrian lanes
- Parking lots
- Curb side
- Alleys
- Pathways
- Alongside buildings

# Customers

- Cities & municipalities
- Outdoor cleaning contractors
- Airports & seaports
- Transit authorities
- Healthcare services
- Distribution centers
- Shopping malls
- Educational & sports facilities
- Manufacturing facilities
- Amusement parks
- Casinos
- Military
- Correctional facilities

# Dimensions

- Ground clearance: 10 in. (254 mm)
- Curb climbing: 7 in. (178 mm) tall

# Weight

- Net/dry weight:  
2910 lbs (1320 kg)
- Gross vehicle  
weight rating:  
3500 lbs (1587 kg)
- Axle rating:  
front 1980 lbs  
(898 kg); rear  
1980 lbs (898 kg)

# Frame/Body

- Heavy gauge steel body on a welded 1/4 in. (6.35 mm) structural steel frame
- Electrostatic powder-coated paint

# Cabin

Enclosed cab with heated or non-heated windshield and vinyl doors

# Cabin

- Cab size: 48 cu. ft. (1.36 cu. m.)
- Seating height: 40.5 in. (1029 mm) above ground
- Armrest, headrest, and heated seat (optional) for operator comfort

# Engine

- Model: Kubota Diesel D1105-E4B (EPA Tier 4 Final)
- Engine power: 24.8 hp (18.5 kw) @ 3200 rpm
- Displacement: 68.53 cu.in. (1123 cc)
- Air cleaner: 2-stage Donaldson with restriction indicator

# General Machine Performance

- Max. forward speed: 12 mph (19 km/h)
- Max. reverse speed: 5 mph (8 km/h)
- Min. aisle turn: 180 in. (4572 mm)
- Internal turning radius: 60 in. (1524 mm)
- External turning radius: 90 in. (2286 mm)
- Gradeability: 11.3 deg. (20%) with full & empty hopper
- Cleaning speed: up to 84,480 sq. ft. per hour

# Instrument Panel

- Turn signal/ horn/ beacon/ work light switch and lever
- Fuel gauge
- Operator presence indicator
- Parking brake indicator
- Left / right signal indicator
- Engine oil pressure indicator
- Engine temperature light
- Hourmeter
- Glow plug indicator
- Hazard light switch
- Low voltage indicator light
- Key ignition for starting and stopping the engine
- Key ignition glow plug on prior to starting the engine
- Neutral start switch installed on traction control pedal prevents engine from starting if pedal is pressed
- Lever and cable for engine throttle control

Steering: power assisted  
Motion control: heavy-duty hydrostatic

Throttle

Single traction pedal

# Traction

- Drive: front wheel drive
- Turf size (all 4 wheels)
  - Regular: 20.5x8x 10 in. / 520x203x254 mm (205/65-10)
  - Turf MV17094: 20x8x10 in. / 508x203x254 mm (205/60-10)
- Tire load capacity: 1323 lbs / 600 kg per tire
- Brakes: front hydrostatic brake; rear mechanical disc parking brake

# Suspension

- Front: leaf spring
- Rear: leaf spring

# dB Rating

*Front decibel*

- Cabin: 96 dB
- 5 feet away: 88 dB
- 10 feet away: 85 dB
- 20 feet away: 83 dB

# Standard Lighting

- LED headlight
- LED turn signals
- LED brake lights
- LED flashers
- LED backup lights
- License plate holder with light
- SMV emblem
- Strobe beacon

# Fuel Tank

Fuel tank capacity:  
10.2 gal. (39 L) – 15  
hours autonomy

# Hydraulic Oil Tank

See-through oil level indicator

Hydraulic tank with 12.5 gal. (48 L) capacity for both the traction and the vacuum systems

# Vacuum Fan & Suction System

- Vacuum rating:  
1600 CFM
- Straight-through  
suction system  
compacts litter 2:1 ratio
- No litter comes in  
contact with the fan

Vacuum fan position:  
bottom mounted

Vacuum fan diameter:  
14 in. (365 mm)

# Vacuum Hose

- 7 in. (178 mm) diameter joystick controlled hose
  - 270-degree arm movement with 24 sq. ft. (2.2 m<sup>3</sup>) working area
- 

# Vacuum Hose Support Arm

For operator safety and easier displacement of the boom

# Vacuum Arm Control

Ergonomic 6-position robotic joystick allows effortless displacement of the boom

## Rear-View Vision

Two convex mirrors mounted  
on each side of cab

# Vacuum Head

(optional)

- Width: 48 in. (1219 mm)
- 2 operating positions with one on each side of the vacuum head
- Offers effortless vacuuming, simply drive over litter

# Wander Hose

(optional)

- Length: 15 ft. (4.57 m)
- Diameter: 6 in. (152 mm)
- For additional cleaning or hard-to-reach areas

# Container

- 16-gauge powder-coated steel container
- Litter capacity:
  - Volume: 75 gal. (284 L)
  - Weight: 150 lbs (68 kg)

# Litter Bags

- Primary polypropylene fiber filter litter collection bags
- Size: 42 in. X 51 in. (1066 mm X 1295 mm)
- One container, one bag for easier bag changing process that takes only 45 seconds

# Bagless Debris System: Kevlar Bin

Optional Kevlar bin can be filled, then emptied into off-the-shelf bag or dumpster

# Dust Control

Exhaust bag captures dust particles that can escape from the minute holes of special Madvac collector bags or Kevlar bin

**NEW**

**32**

# Dust Control

Optional intermittent water mist system with 10.17 gal. (38.5 L) water tank: controls dust and reduces risk of cigarette butt fire inside the container

# Safety

R.O.P.S – roll over protection system

Fire extinguisher 2.2 lb dry powder (optional)

Emergency stop button

# Rear-View Camera

Optional 7 in. (178 mm)  
rear-view camera  
system with TFT  
color monitor

# Foot Step

**Helps operator climb on board easily and safely**

*New standard feature (Nov. 2020)*

---

# Floor-Mounted Cab Heater

Optional 2-speed floor-mounted heater keeps operator warm during cold weather

**NEW**

# Foot Activated Horn

Gives operator more ease and convenience  
than pressing the turn signal lever

# Fan for Operator Comfort

(optional)

# Convenience

Broom and  
rake holder

Storage compartment

Tire flat proofing –  
liquid sealant (optional)

# Console Accessory Box

Console accessory box with USB / 12V aux outlet and switch for optional floor heater and optional water mist system

*New standard feature (Nov. 2020)*

# License Plate Holder

Easy access to all  
critical components  
of the machine

Hinged side door  
and tilt seat for  
engine access

Easy access to all  
critical components  
of the machine

Hinged side door for  
oil cooler and  
radiator access
