

WHY MADVAC

Exprolink is the only North American manufacturer of compact outdoor cleaning vehicles.

- Madvac brand 35+ years existence
- Financially supported by one of Canada's most prominent investment funds
- Largest dealer network in its category across the United States and Canada
- Logistics | Parts & service | dealer training center in Raleigh NC for U.S. customers
- Sourcewell and Canoe Procurement awarded contract vendor

ALL MADVAC diesel and electric vehicles:

- are built according to North American standards
- are shipped fully assembled, ready for use
- are easy to operate, no CDL required
- are designed to handle poor climate conditions including rain
- can vacuum litter that is dry, humid, or wet
- are equipped with a straight-through suction system that makes it impossible for litter to jam the fan
- ship OEM spare parts within 48 hours
