Technical specs are subject to change without prior notice

LP61-G is a high-performance litter vacuum specifically designed for areas that larger units can't access or manage, or to replace tedious manual litter picking

- Fencelines
- Alongside buildings
- Parking lots
- Roads & highways
- Parks
- Trails, ditches, hills, shelters, etc.
- Alleys

LP61-G is the ideal portable litter collector for

- Cities and municipalities
- Outdoor cleaning contractors
- Landfills
- Manufacturing facilities
- Transfer stations
- Solid waste & recycling centers
- Amusement parks
- Transit authorities
- Educational and sports facilities
- Distribution centers
- Correctional facilities
- Healthcare services
- Military

Key Attributes

- 5x more efficient and safer than manual picking | powerful vacuum 2200 CFM
- Collects litter that is dry, humid, or wet
- Compact, lightweight, easy to use
- 2 transport options:
 - standard pickup truck with 6-ft bed
 - tow behind trailer with hitch
- Suction hose (with handle) 25 ft. (7.62 m) can be extended up to 50 ft. (15.24 m)
- Minimal maintenance

Built to suit your needs

Configure the LP61-G according to your specific requirements

- SKID-mount or TRAILER-mount
- Trailer version has street legal lighting
 - Available trailer attachment types: ball 1-7/8" / ball 2" / pintle
 - Spare wheel mounted on trailer
- Additional 15 ft. (4572 mm) hose extension
- Additional 25 ft. (7620 mm) hose extension
- 2 micron interior cylindrical filter cartridge (for additional dust control)
- Litter collector bags or bagless debris system (Kevlar bin)
