Application

Ideal unit to replace tedious manual litter picking, and for hard-to-reach soiled areas: Windblown trash at landfill and transfer station fence lines, roads & highways, parking lots, parks, alleys, alongside buildings, trails, ditches, shelters, and more.

Customers

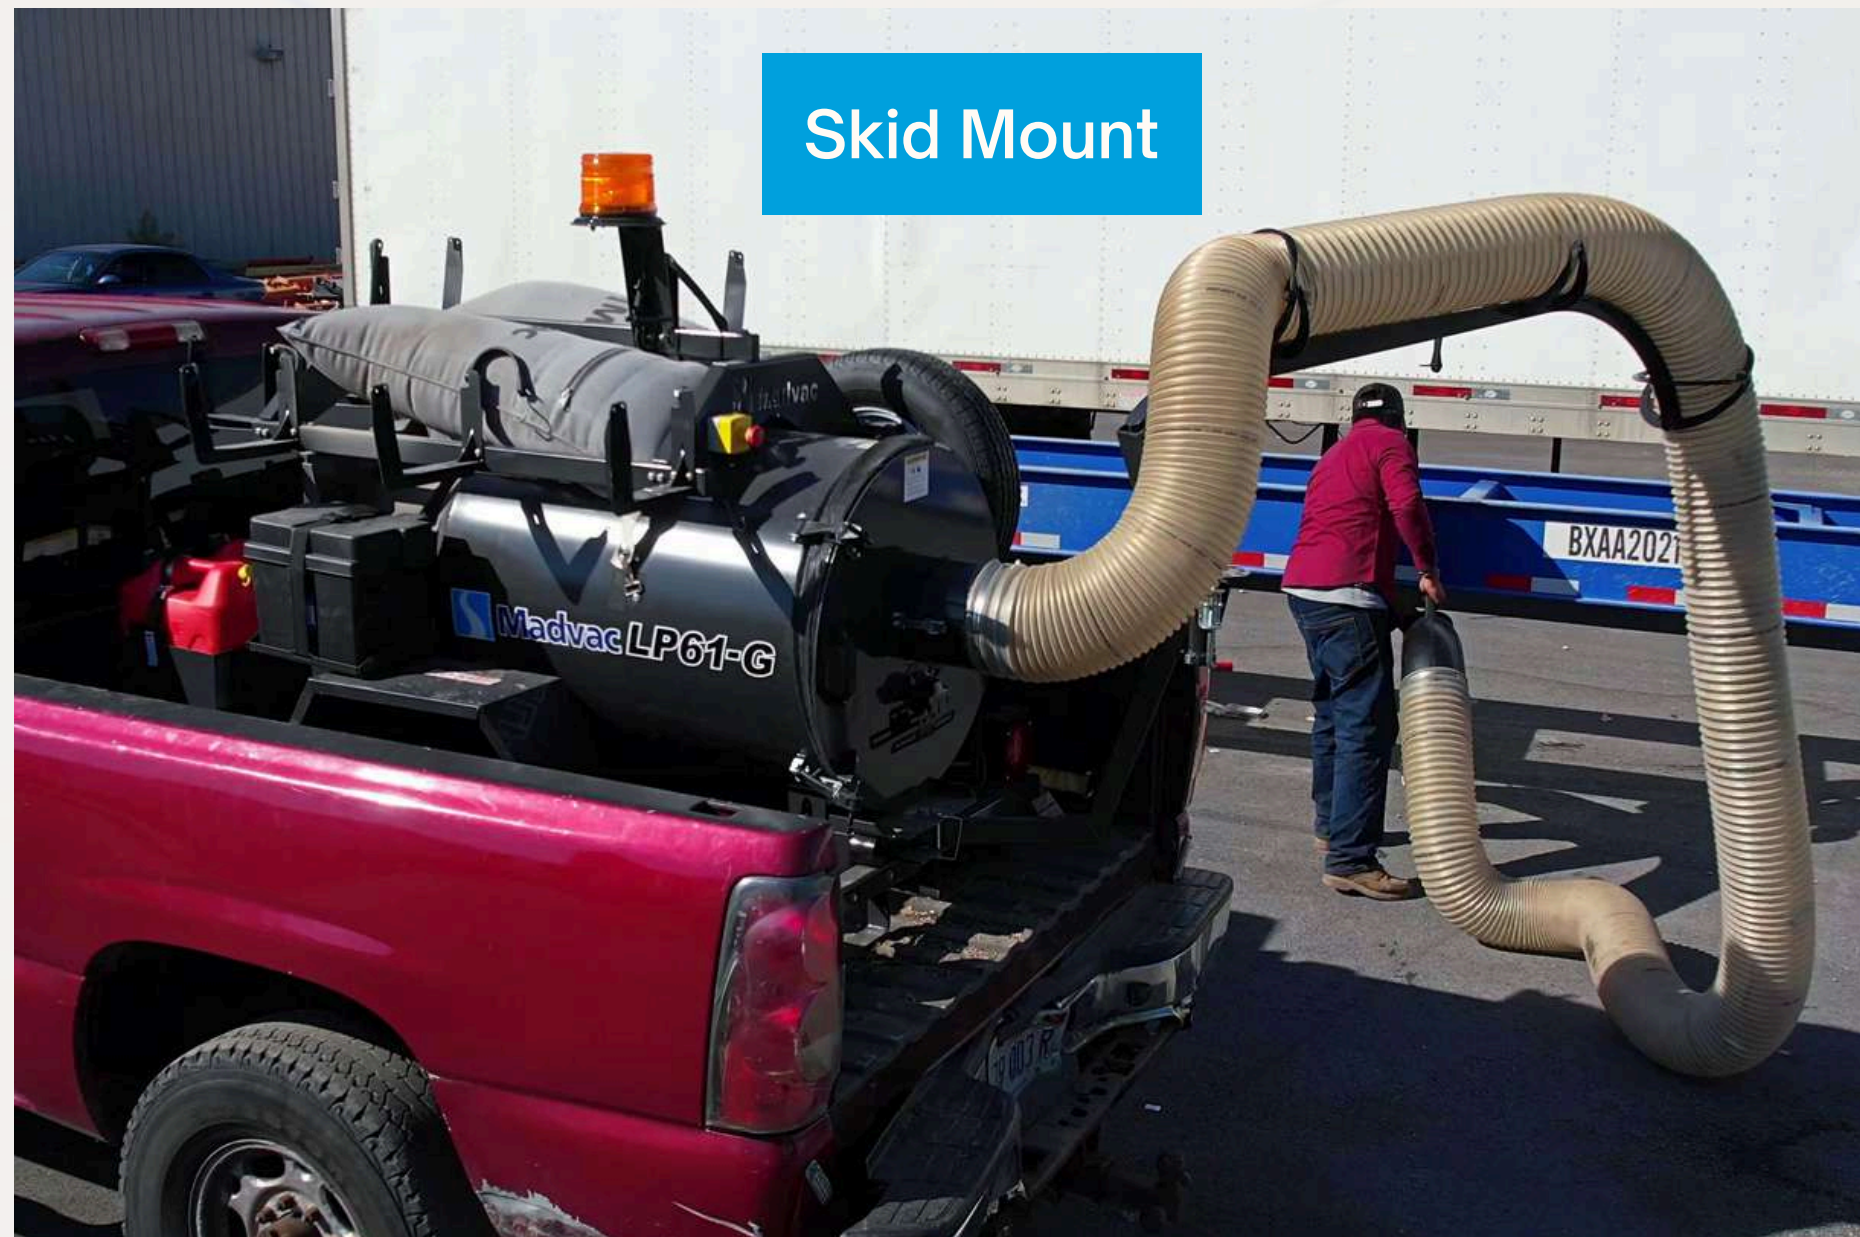

- Cities and municipalities
- Landfills
- Outdoor cleaning contractors
- Manufacturing facilities
- Transfer stations
- Solid waste & recycling centers
- Amusement parks
- Transit authorities
- Educational and sports facilities
- Distribution centers
- Correctional facilities
- Healthcare services
- Military

Why the LP61-G?

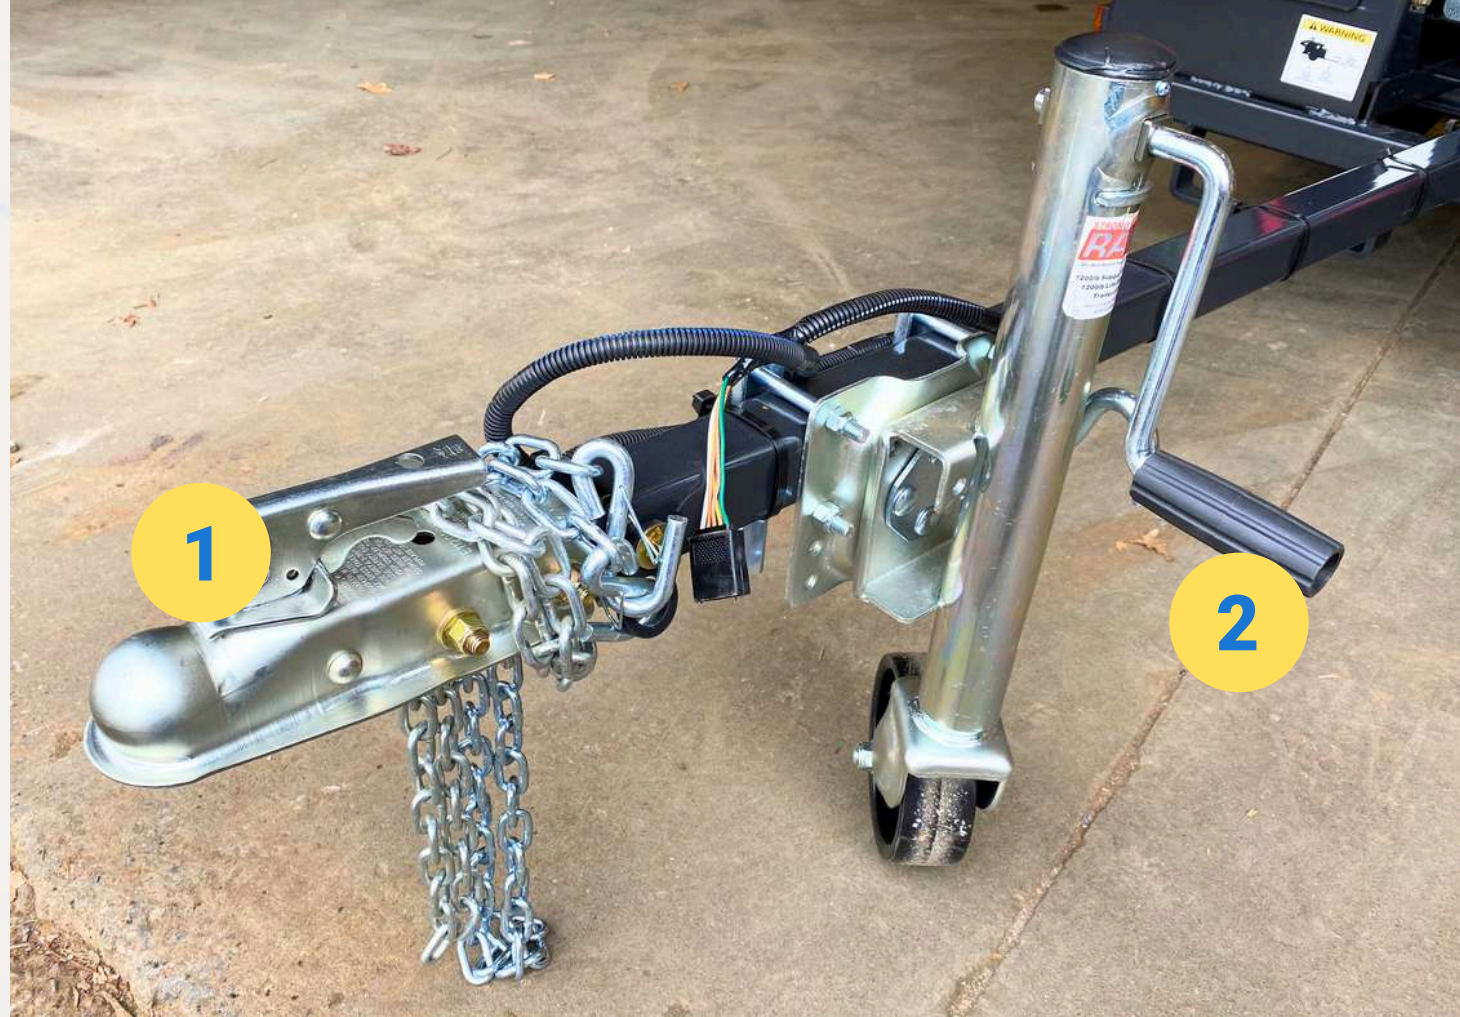

- Powerful vacuum collector 5x more efficient than manual litter picking;
- Lightweight, easy to use;
- Patented straight-through suction compacts litter;
- No fan to jam technology;
- Minimal maintenance

Why the LP61-G?

- 2 transport options:
 - standard pickup truck with 6-ft bed
 - tow behind trailer with standard hitch

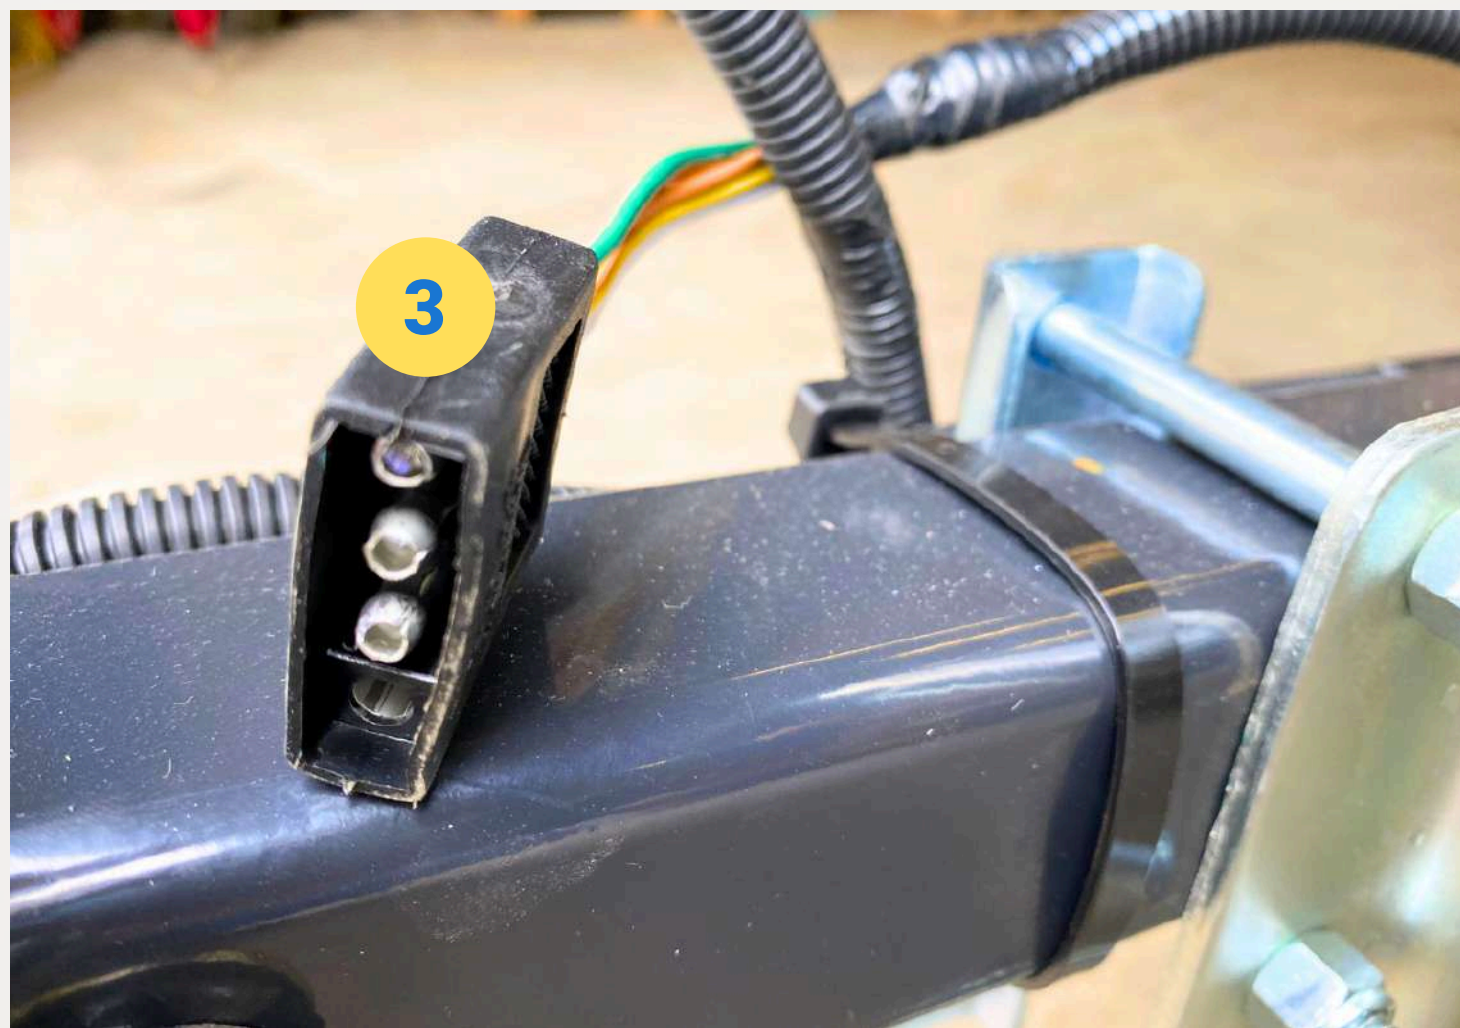

Trailer-mount attachment options

1 Attachment types available:

- 2 in. ball
- 1.78 in. ball
- pintle

2 Trailer jack

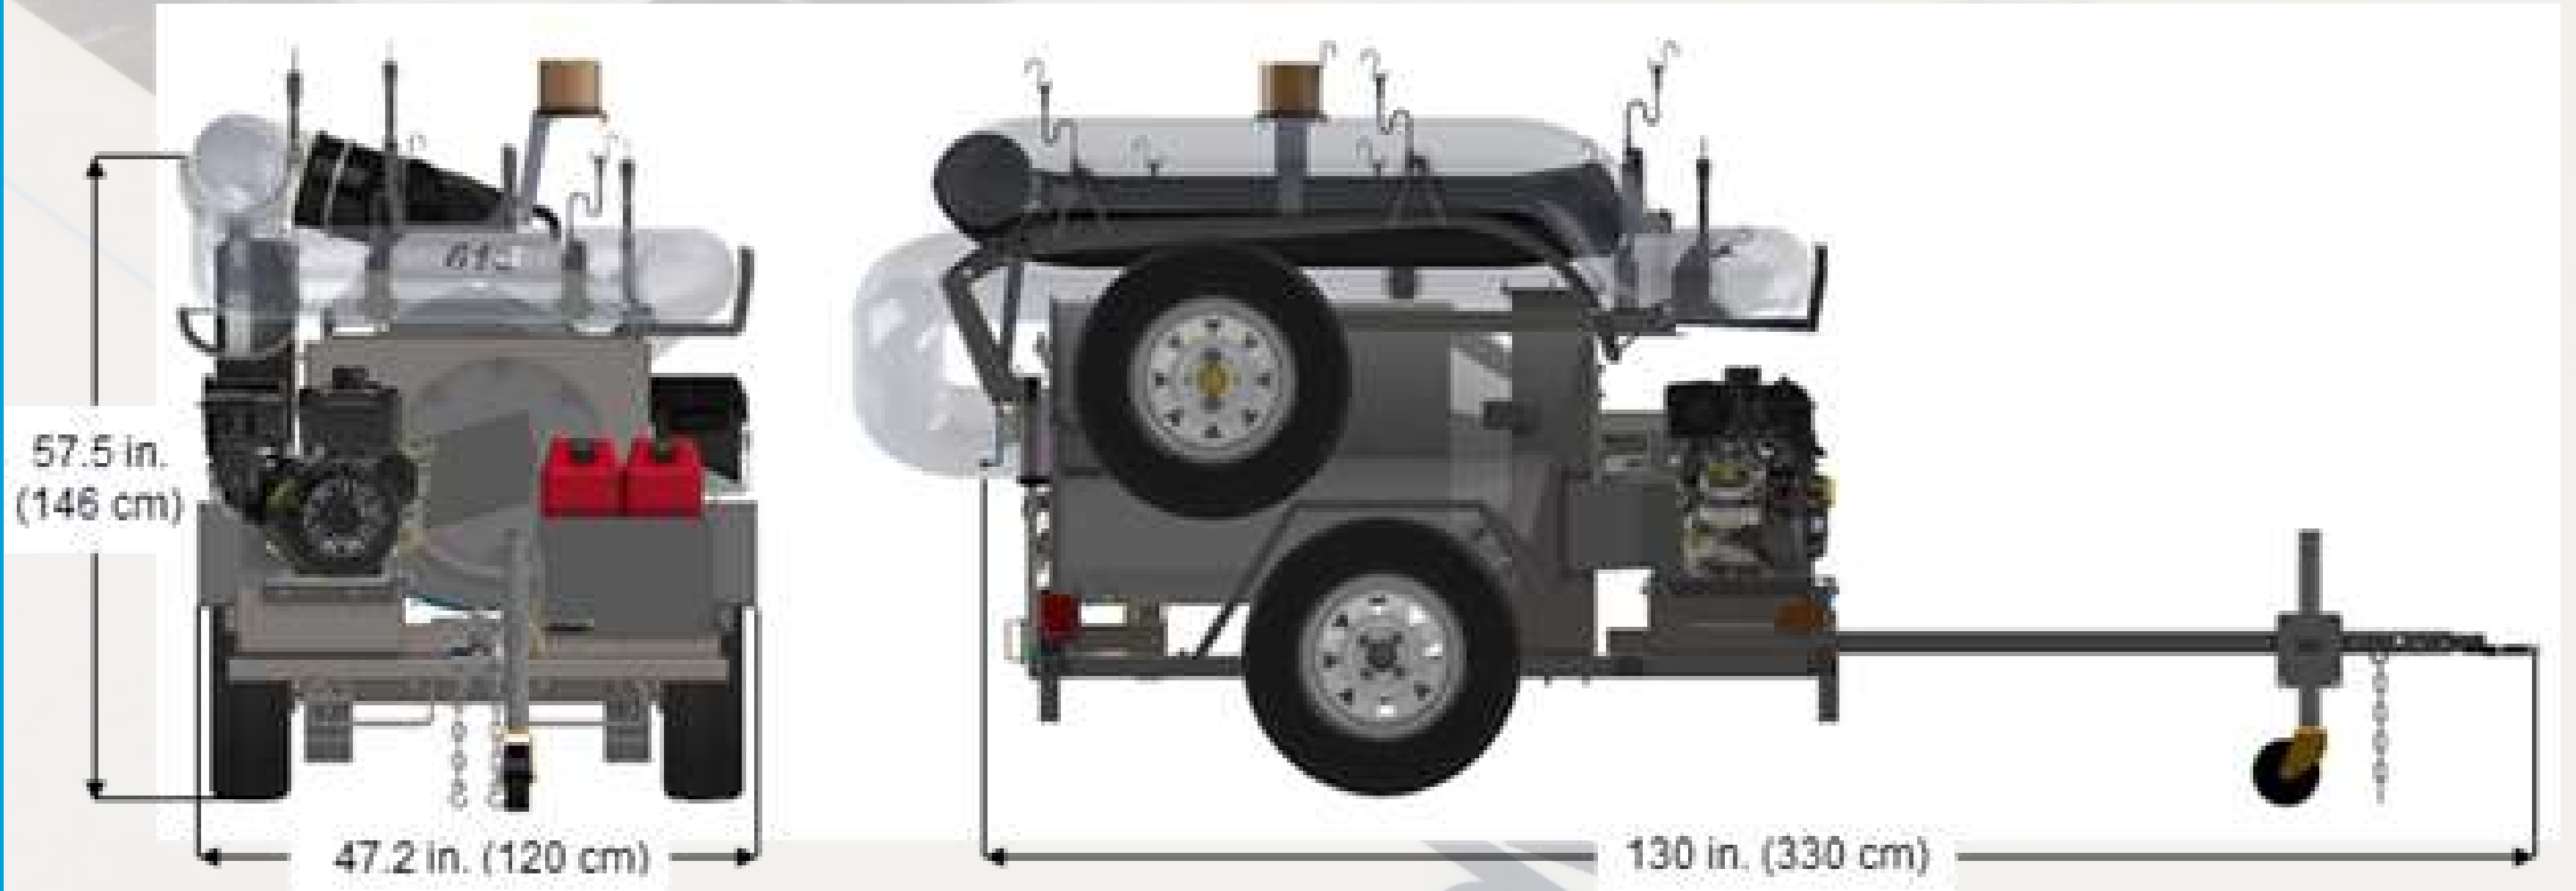

3 Trailer wiring harness (4 pin) (street legal lighting)

Dimensions

Trailer-mount

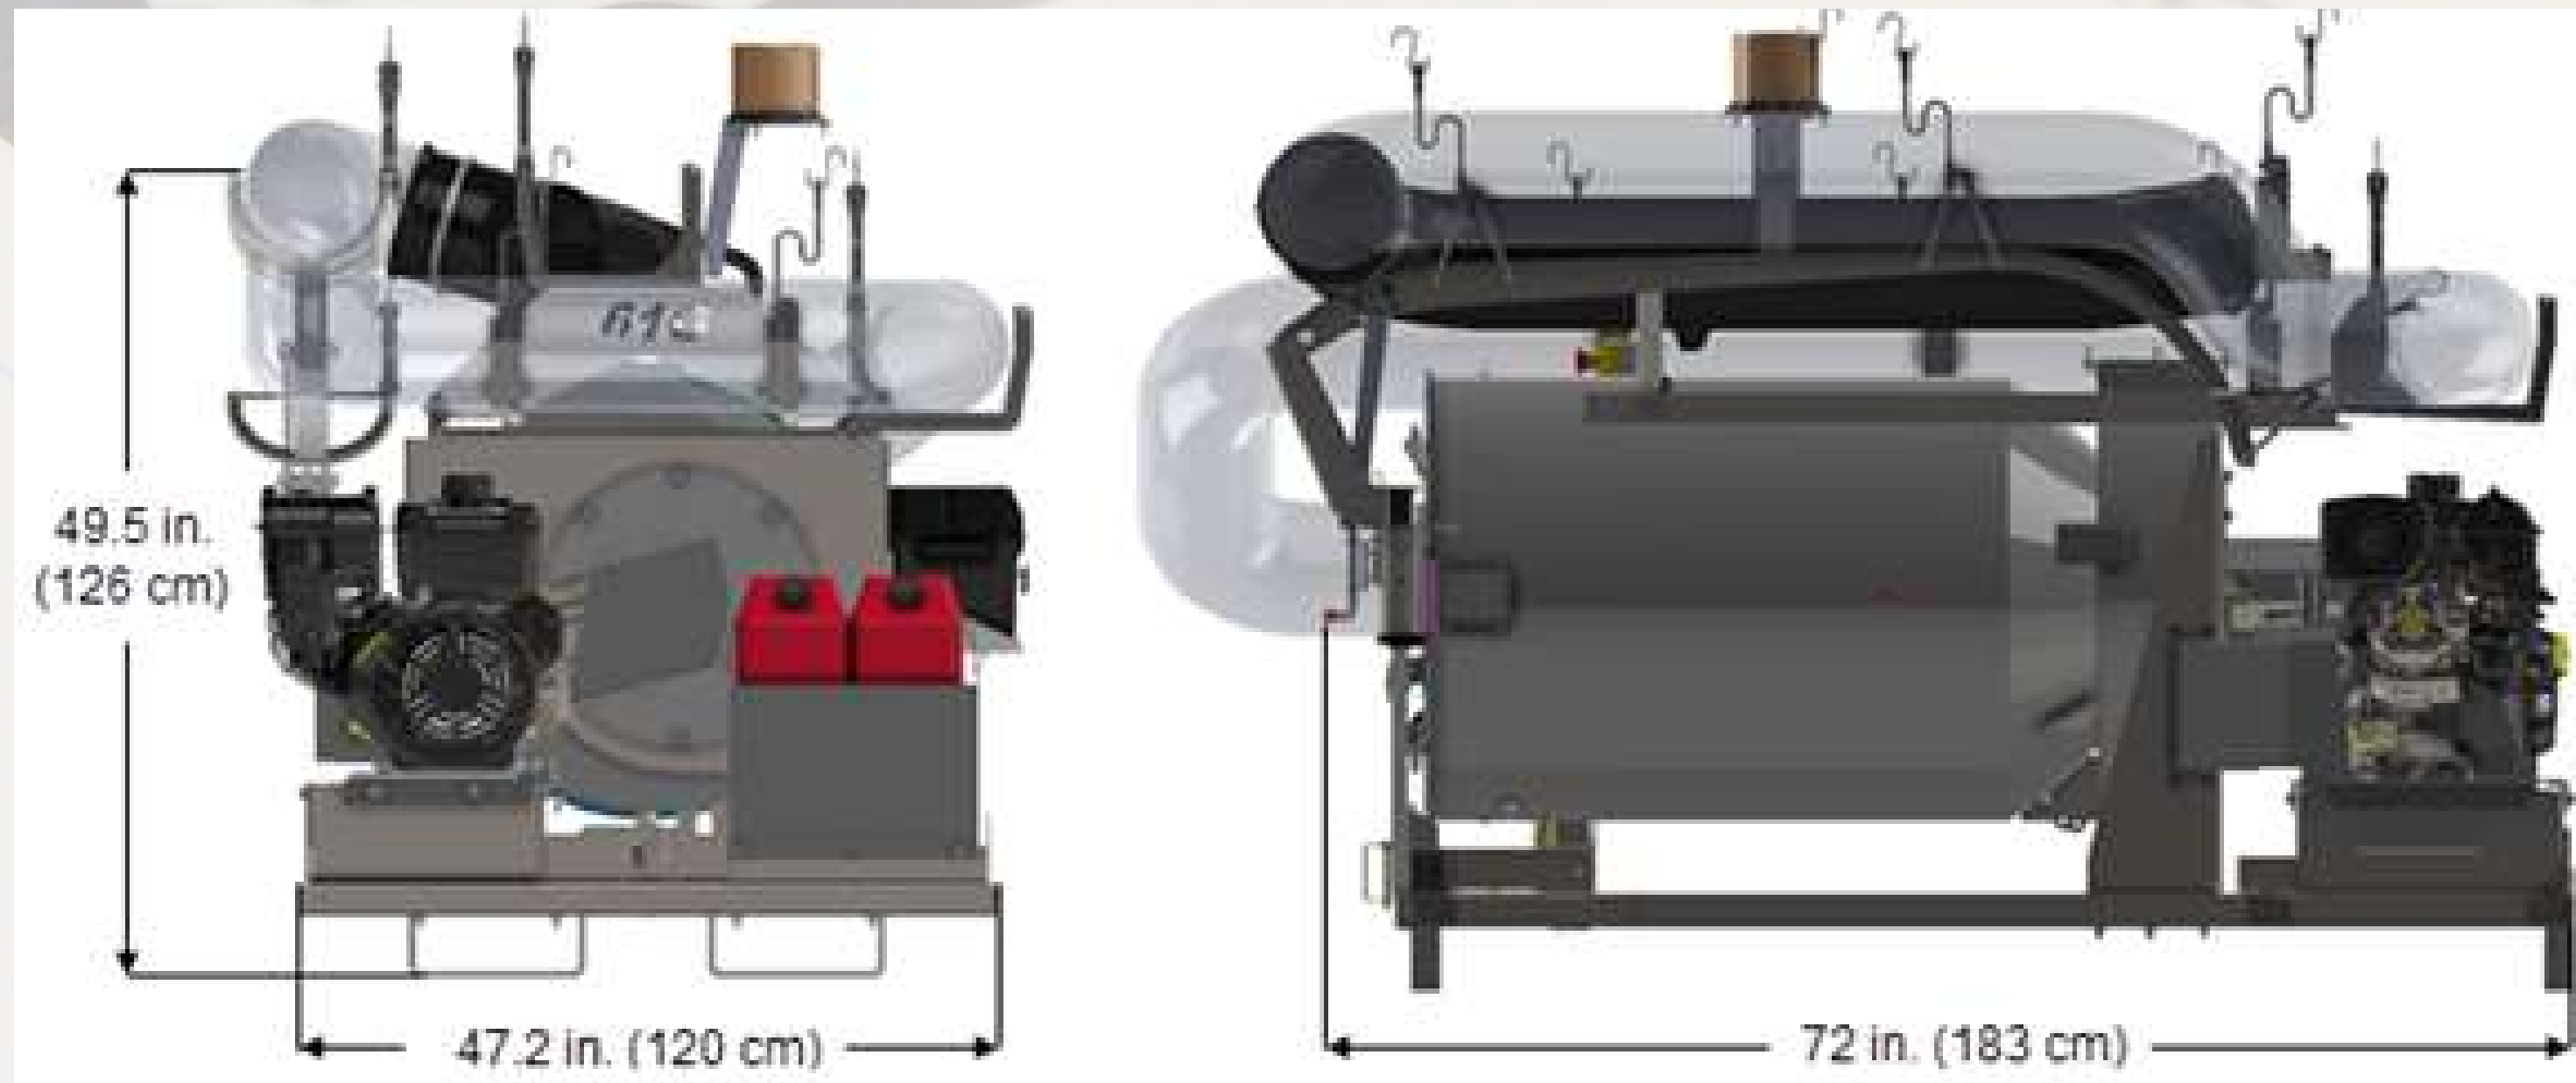

8

Weight : 952 lbs (425 kg)

Dimensions ⁹

Skid-mount

Weight : 750 lbs (340 kg)

Body / Frame

- Heavy gauge steel body on a welded 1/4 in. (6.35 mm) structural steel frame
- Electrostatic powder-coated paint

Engine

- Vanguard 400 | manufacturer: Briggs & Stratton
- Displacement: 408 cc (25 cu in.)
- Gross rated power: 10.4 KW (14 HP)
- Fuel type: Petrol (Gas) - no diesel

Recoil Starter

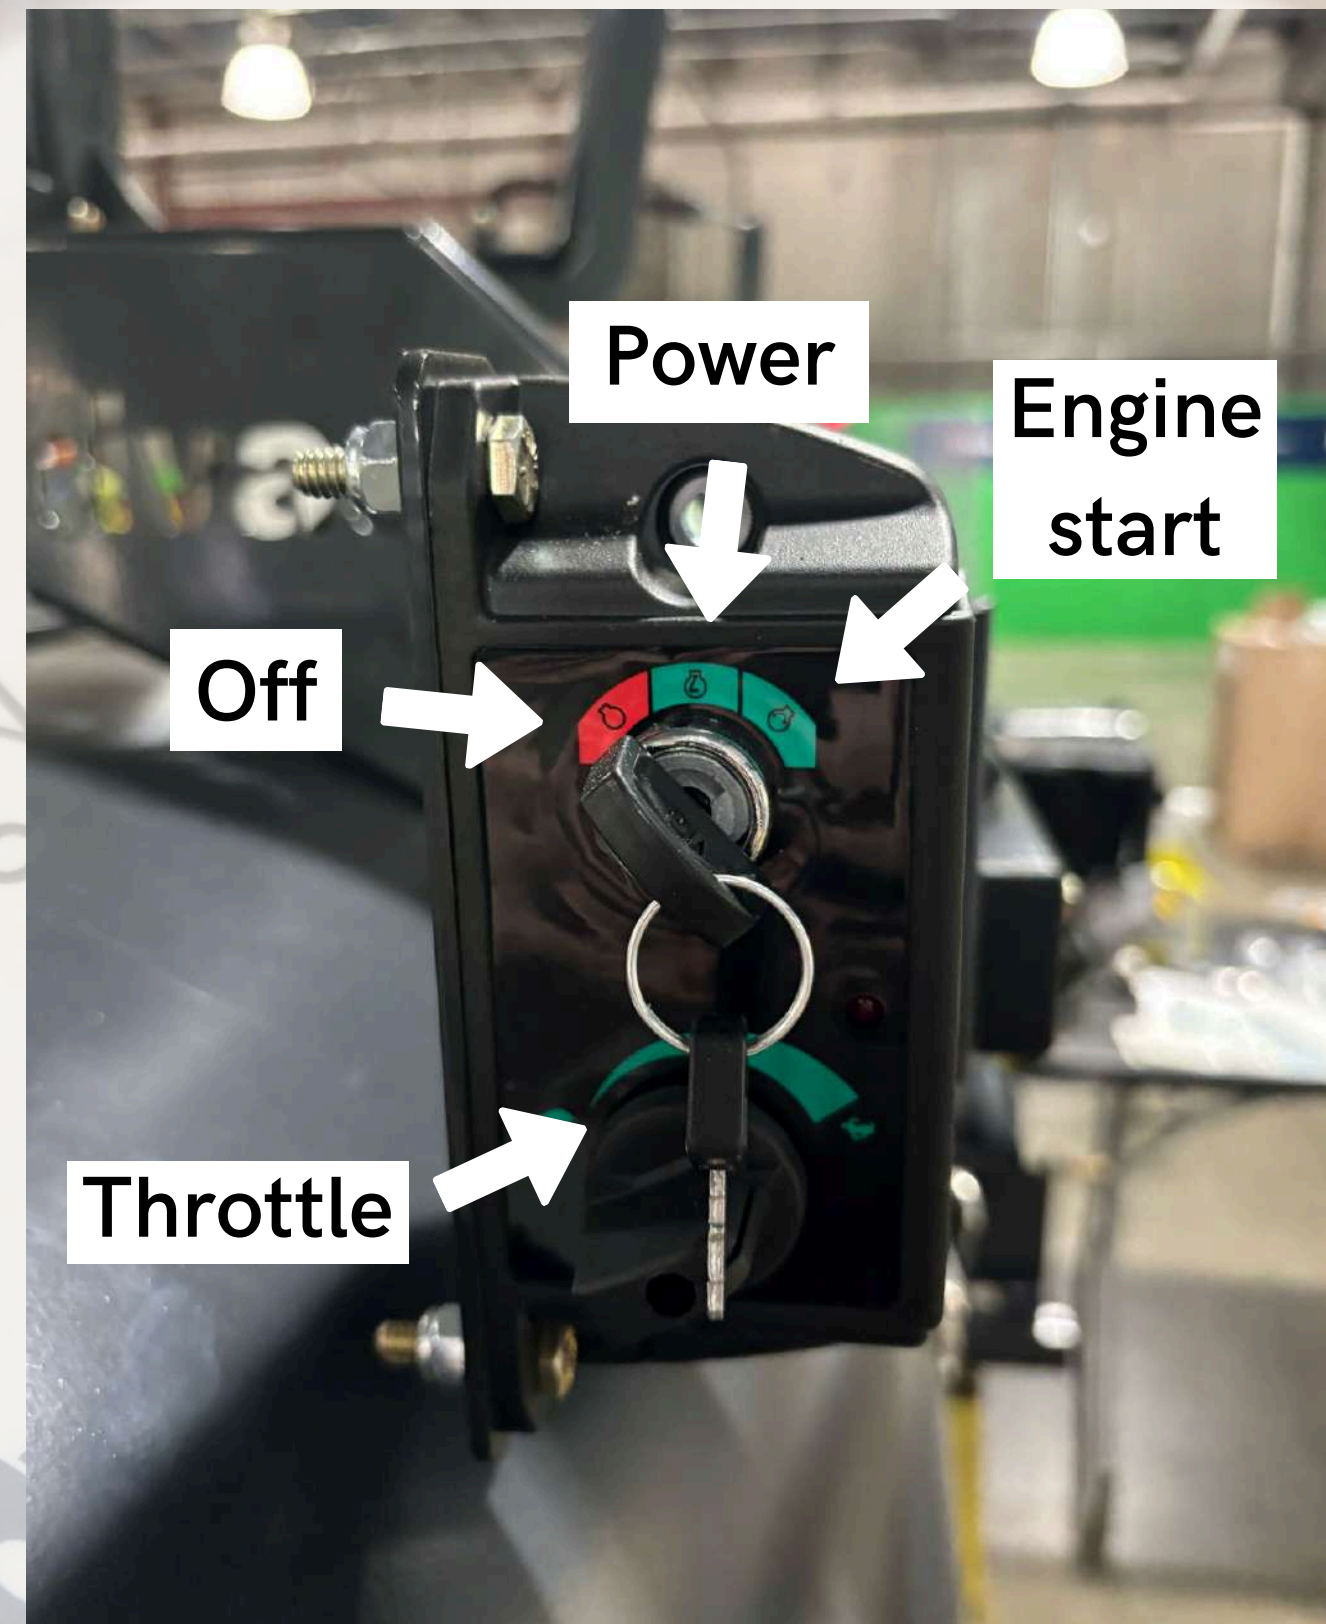

Recoil starter rope

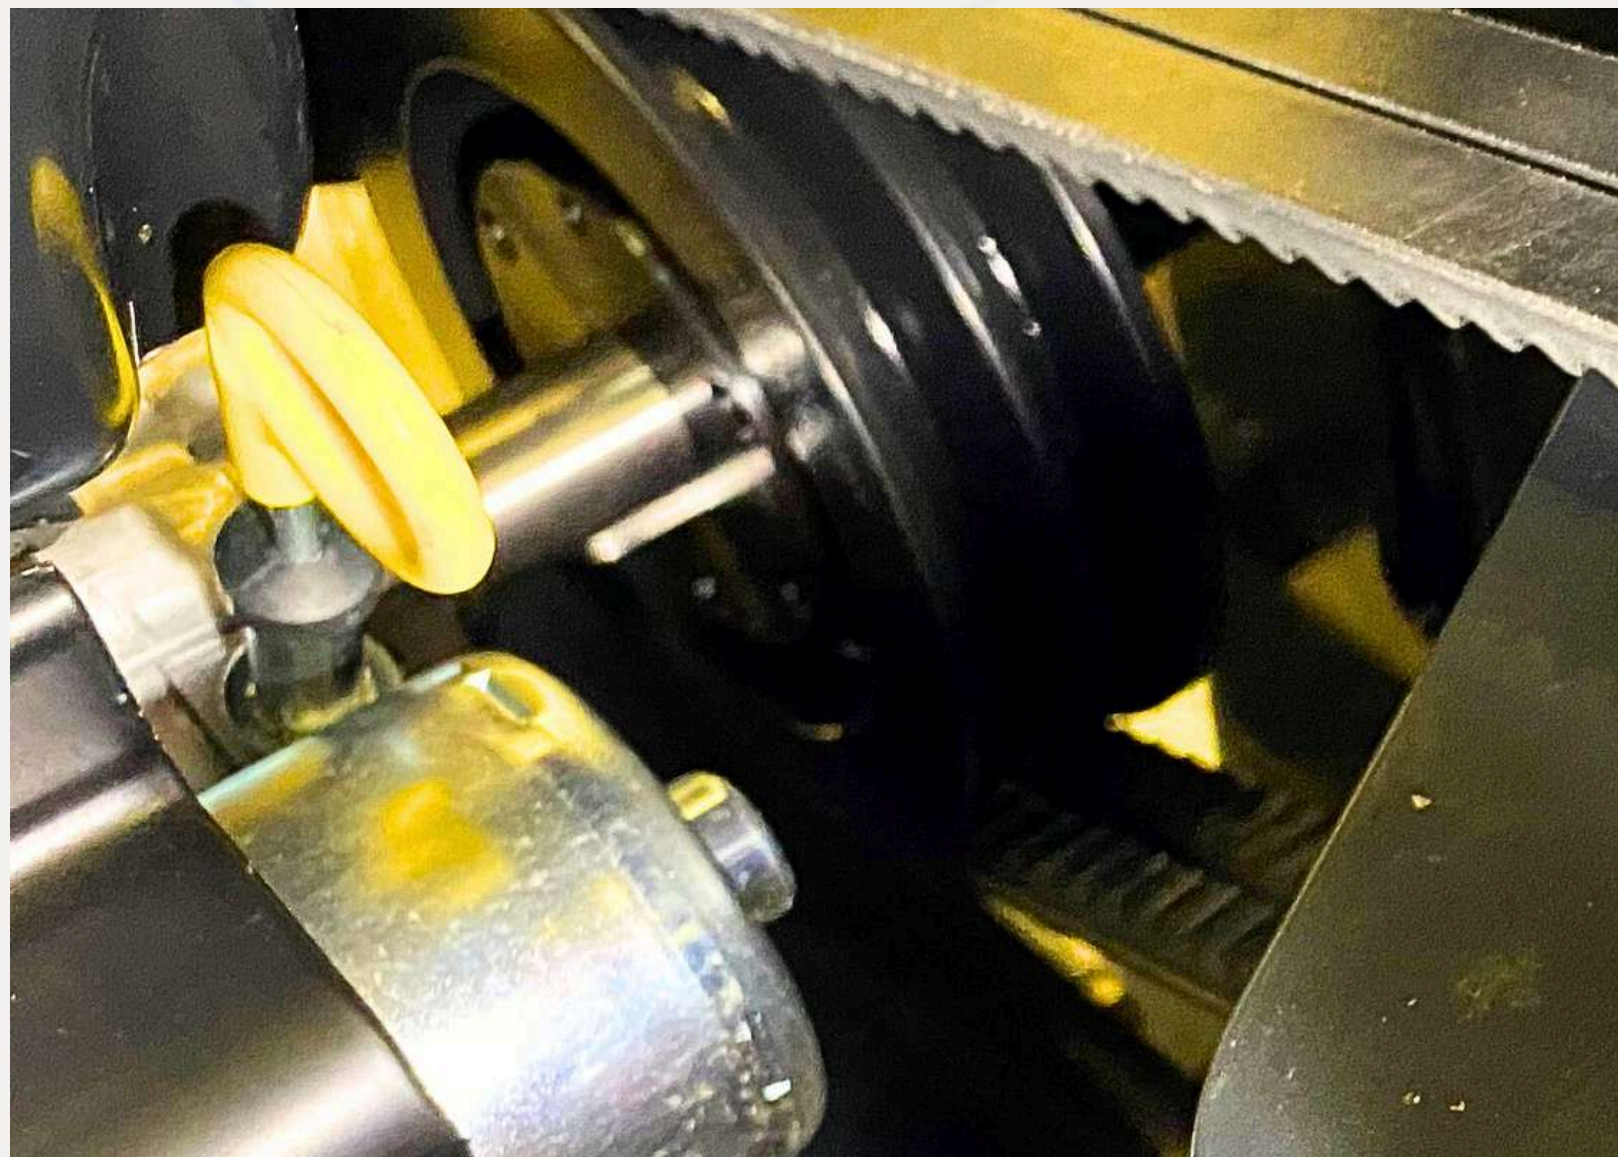

* Not required if ignition key is used

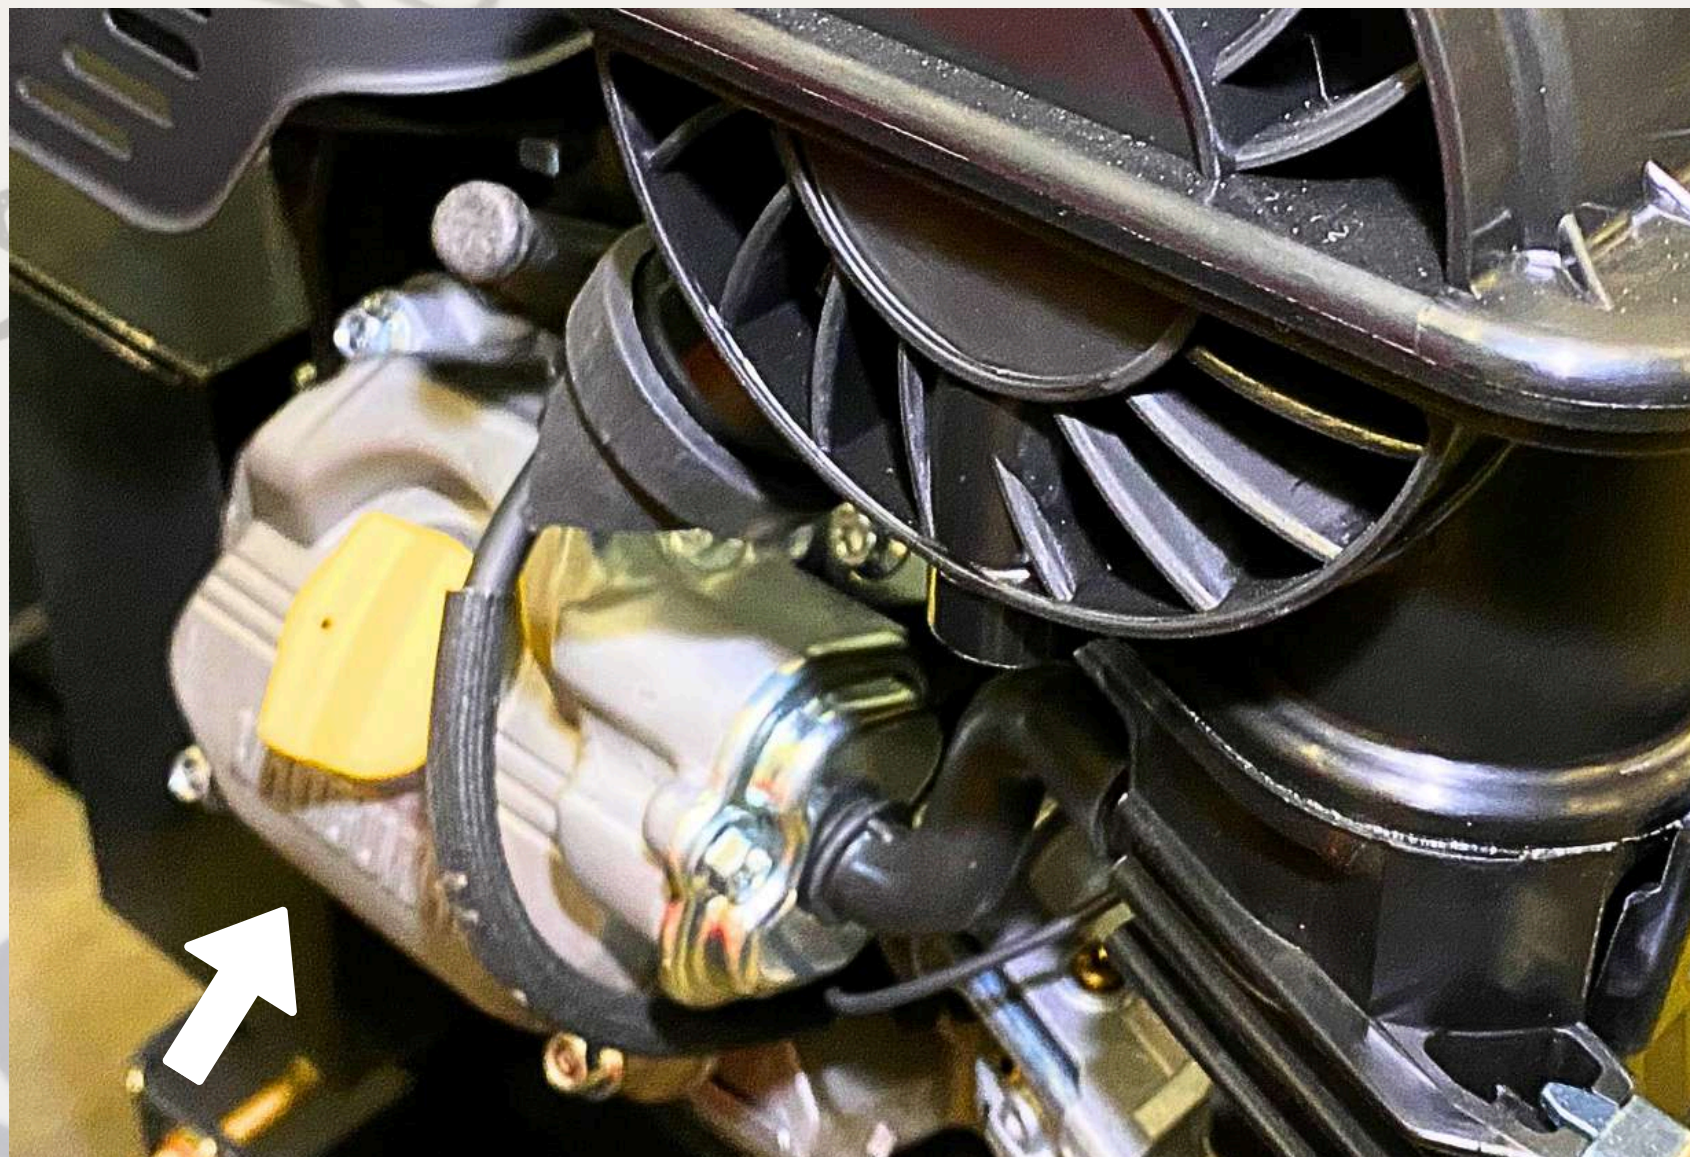

Control panel: key switch
for power and throttle

Dipstick

Oil inlet

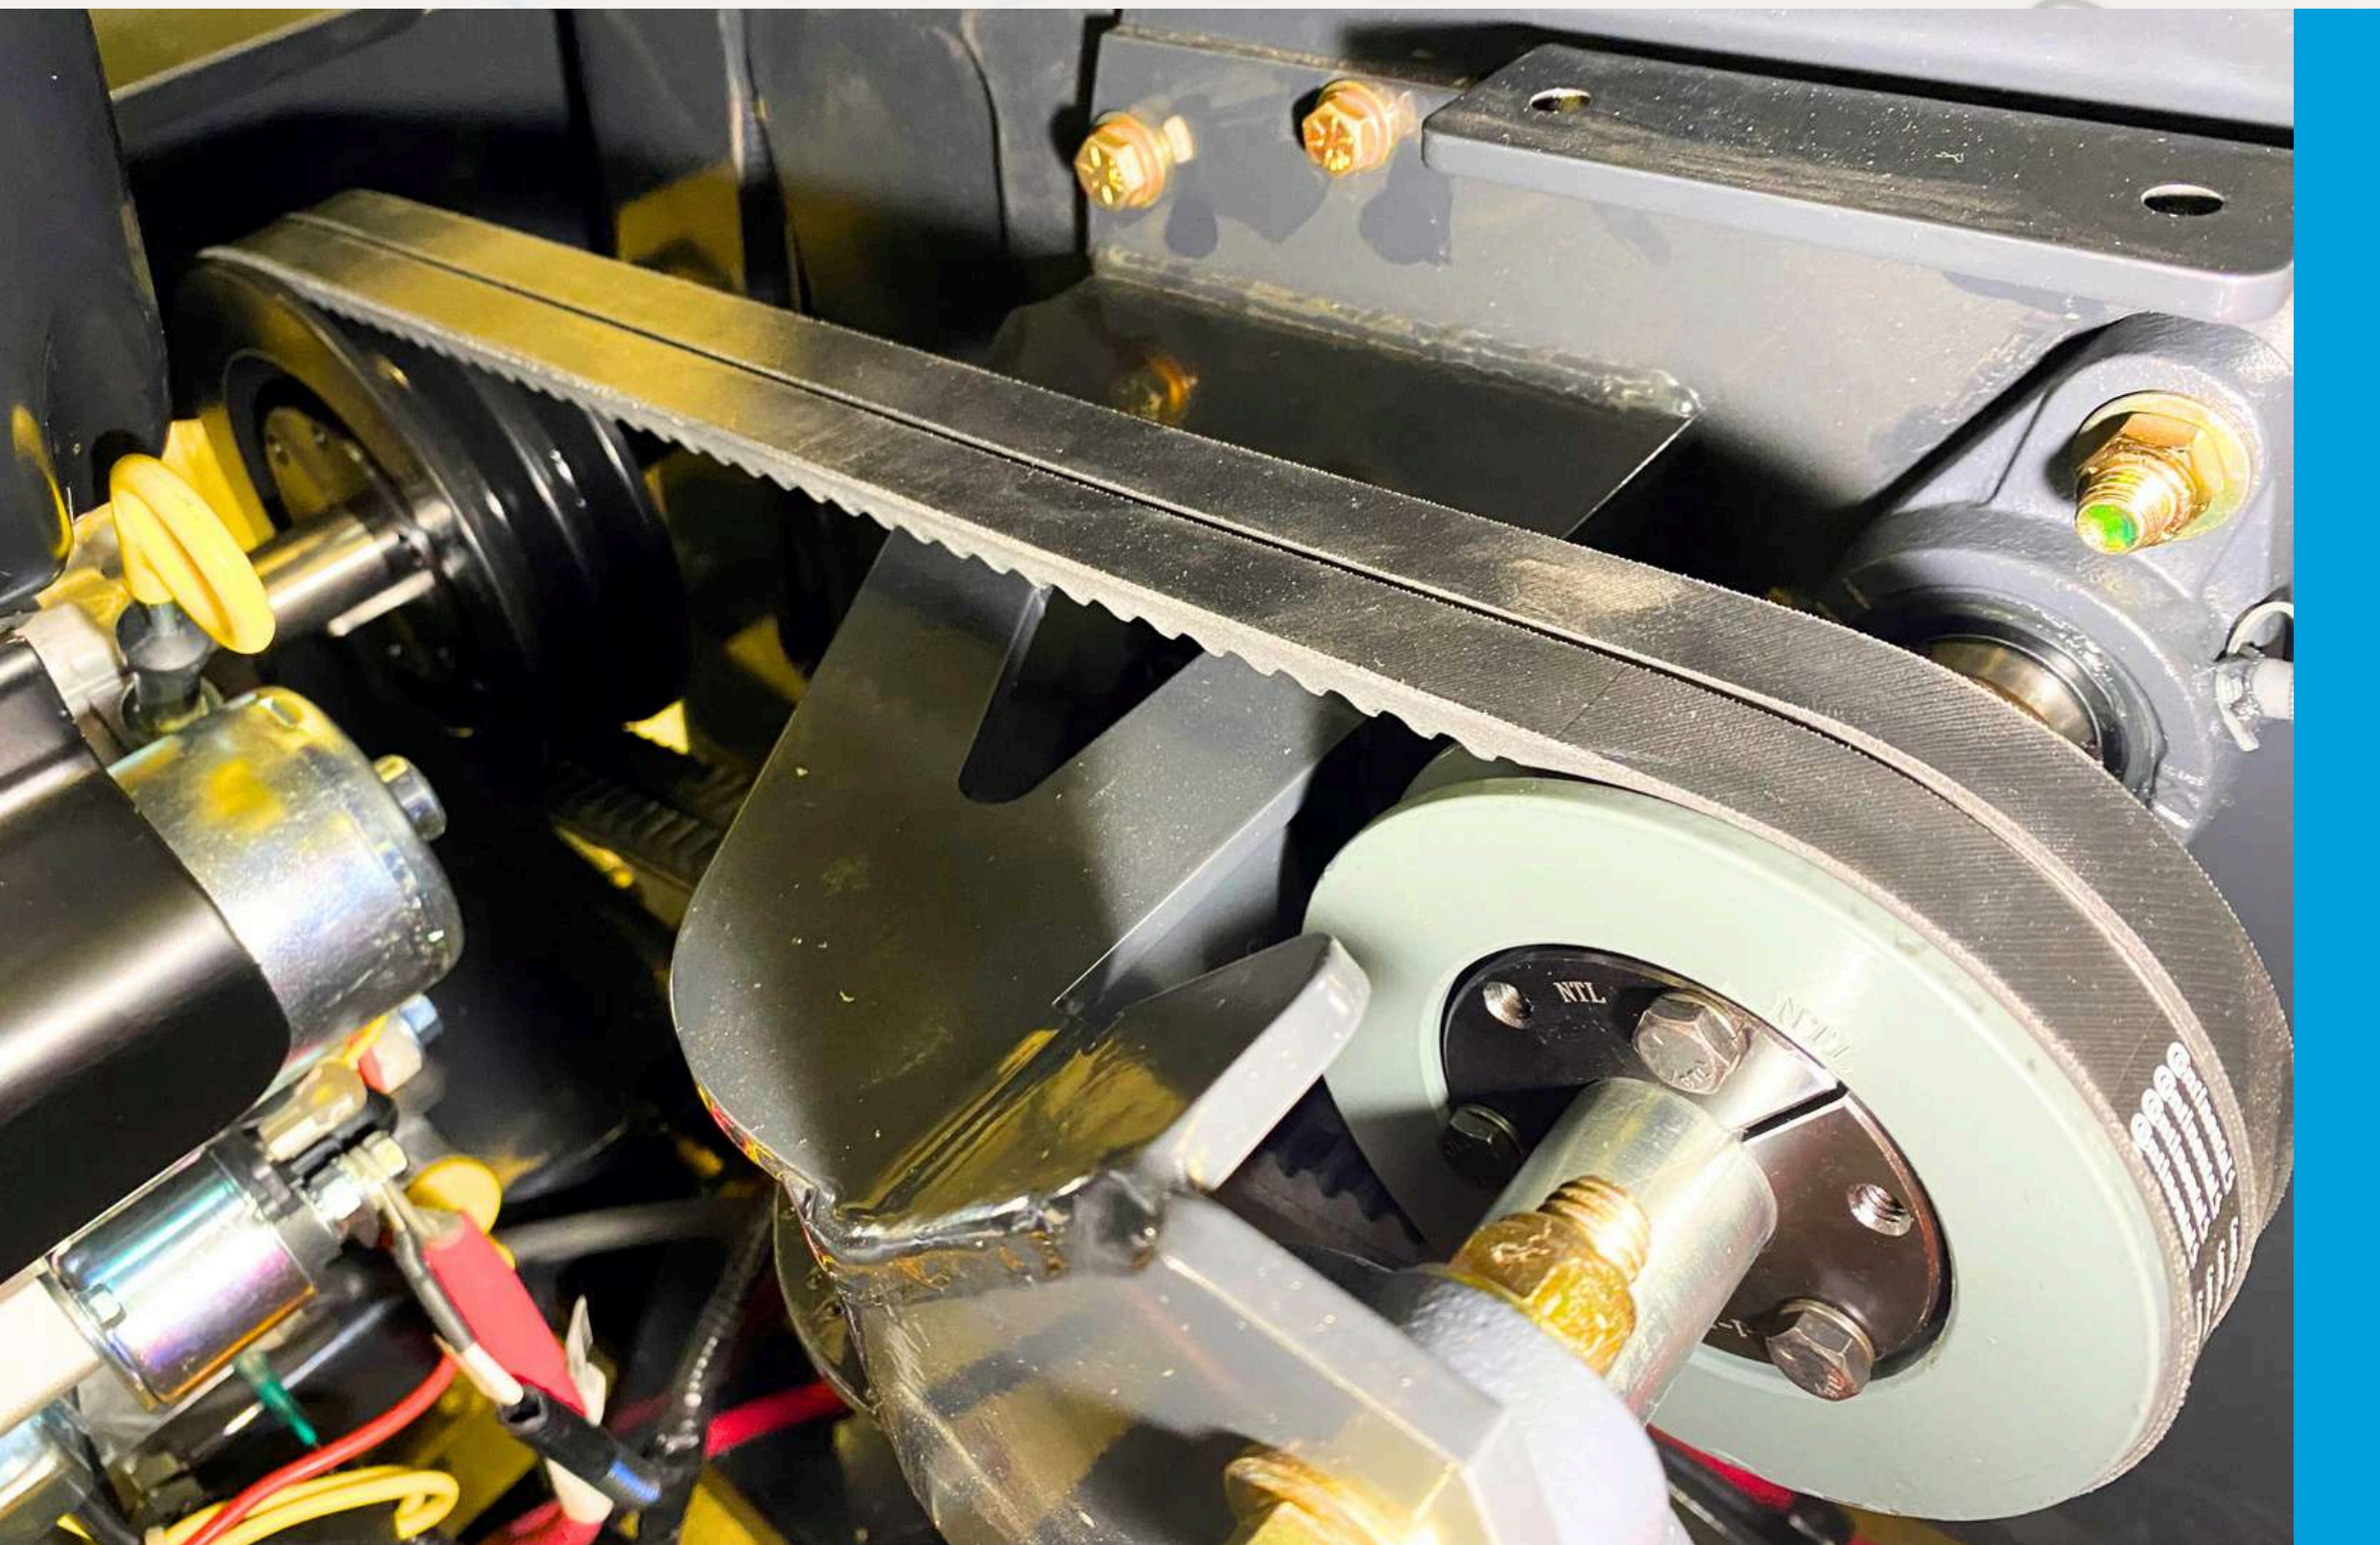

Air filter

Spark plug

Oil drain

Double Belt

Transmits engine power to the fan

Muffler for noise suppression

Emergency stop button

Fuel Tanks

- Fuel type: gas (no diesel)
- Fuel capacity: Motor 1.6 gal. (6 L) + two tanks 10.4 gal. (39.4 L) Total = 12 gal (45.4 L)
- Ventilated gas cap
(no need to release pressure prior to start)
- Fuel consumption: 1.3 gal (4.9L) per hour

Battery

12-volt heavy duty battery for engine starter and beacon light

Lighting Package

Fully street legal

- Beacon
- 4 corner lights

Wheels

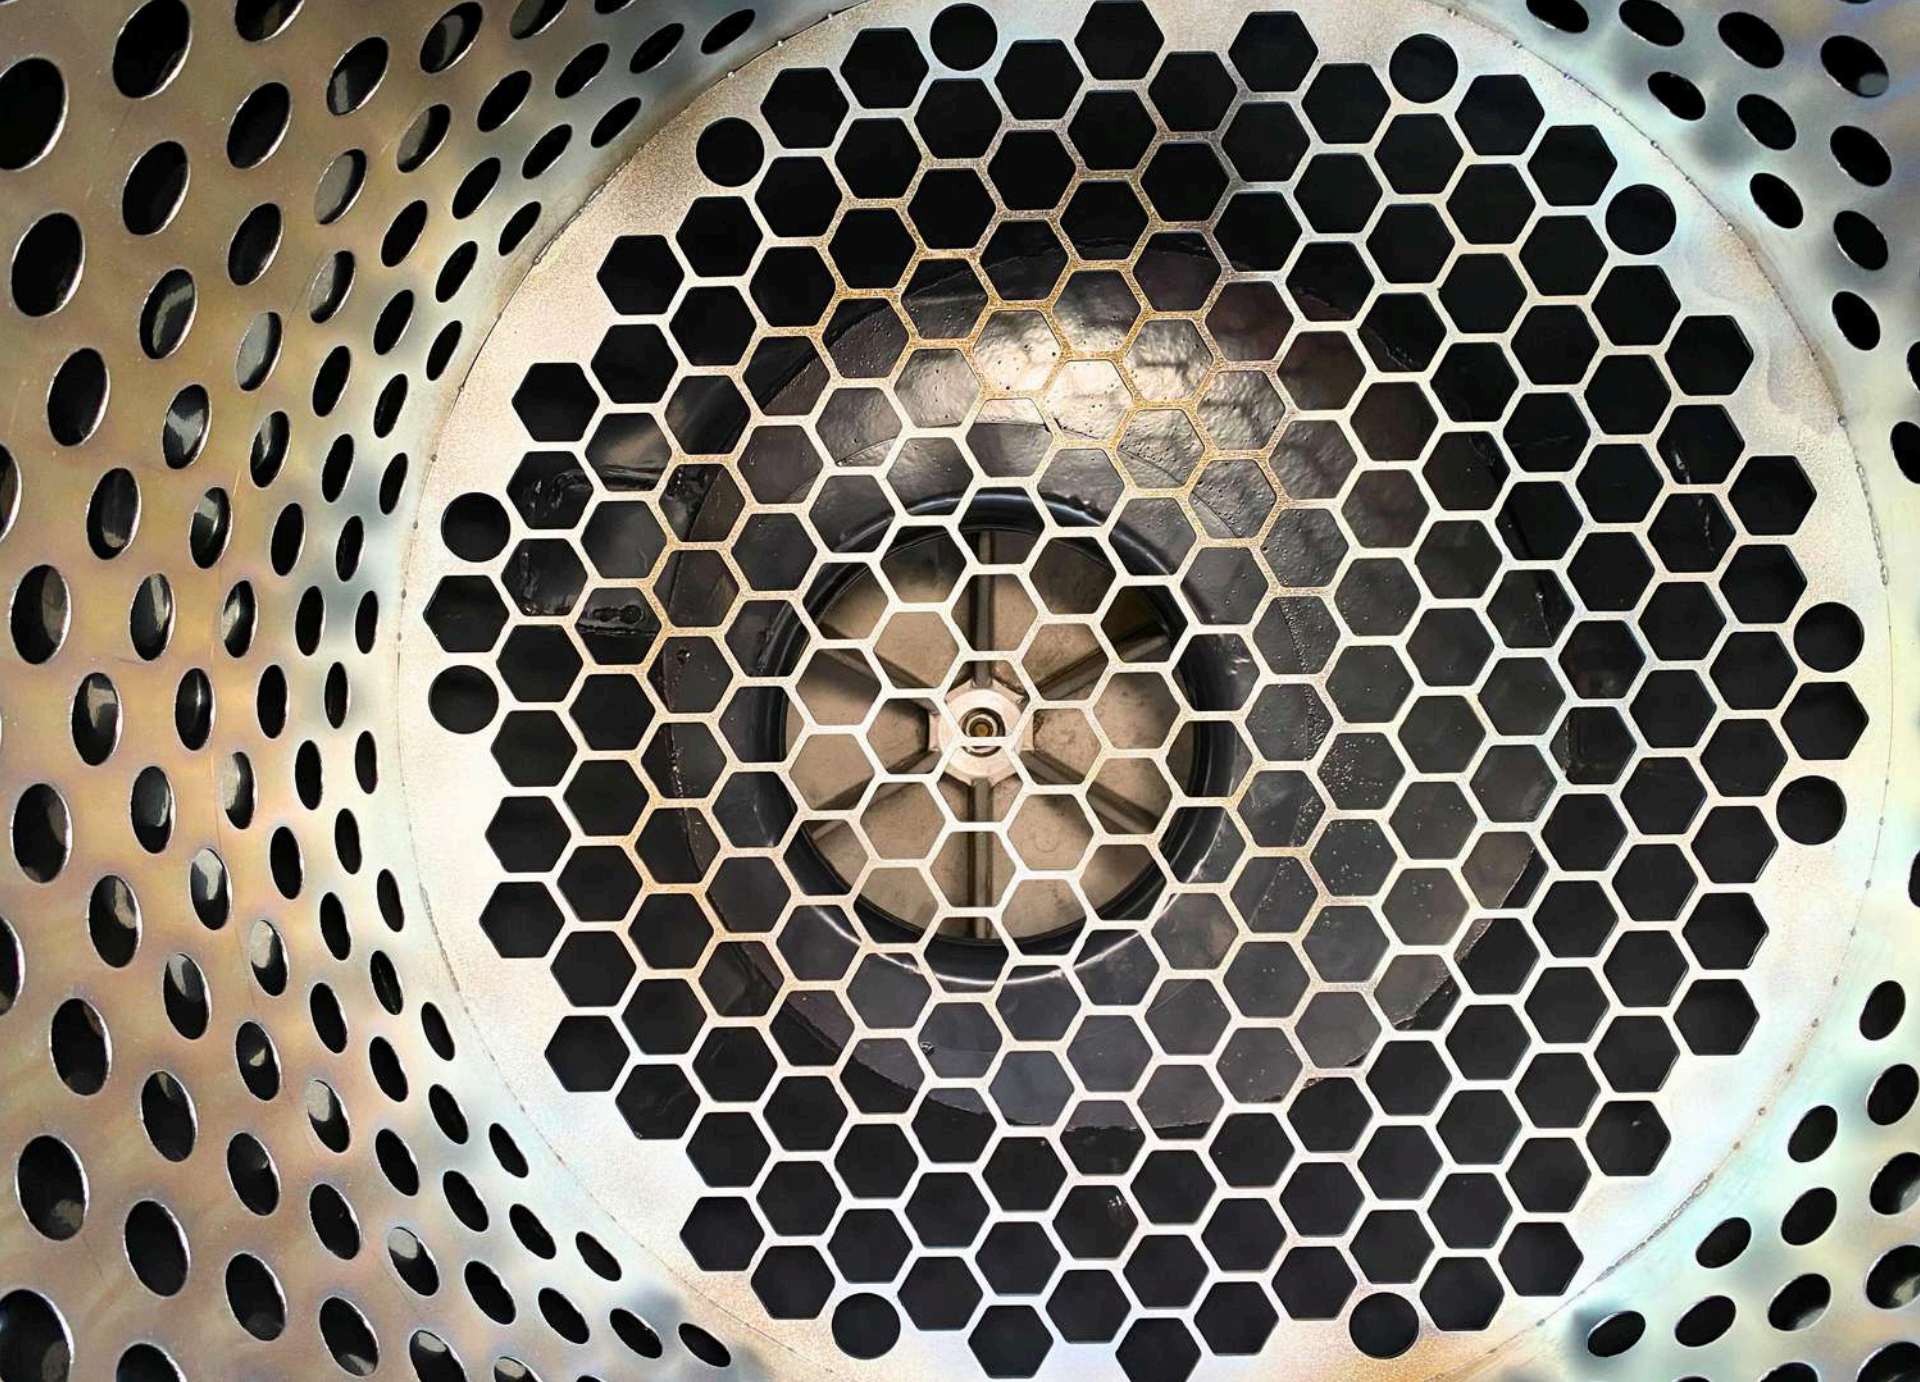

- 4-season radial tires
- 175/80 R 13
- Spare tire for trailer mount option

License Plate Holder

...

- Vacuum rating: 2200 CFM
- Air Flow: 7700 ft/min (2347 M/min.)
- Vacuum fan diameter: 14 in. (365 mm)
- Bottom mounted fan: no litter comes in contact with the fan
- Straight-through suction system compacts litter 2:1 ratio

Vacuum System

Vacuum Hose

- Diameter: 8 in. (203 mm)
- Length: standard 25 ft. (7.62 m)
(includes the handle)
- Optional hose extension:
15 ft. (4.57 m), or
25 ft. (7.62 m)

Hose Support Arm

360-degree rotating vacuum hose support arm allows easy displacement and positioning of the hose

Container and Bag

- Litter capacity: 50 gal. (190 L)
- Material: 16-gauge powder-coated steel
- Bag: quick change reusable bag

Note: off-the-shelf bags not compatible with this machine
