

ELECTRIC MINI SWEEPER

LS125e

**Compact. Capable.
Built for real urban
cleaning.**

Designed to go where larger machines can't, the LS125 delivers powerful, all-day performance in a compact, electric package. It's the smart choice for efficient, eco-conscious cleaning.

WHERE IT WORKS BEST

Purpose-built for the spaces standard sweepers can't reach—from narrow sidewalks and bike lanes to pedestrian areas, alleyways, urban parks, and multi-level indoor parking garages.

WHAT SETS IT APART

Go anywhere. Last all day. Built here.

The LS125 is North America's only 48" electric mini sweeper—purpose-built for tight urban spaces, with full-shift autonomy, 10+ year durability, and no CDL required. Despite its small size, the LS125e features an incredibly roomy and comfortable cab. All the power and convenience you need, in the most compact package on the market.

TECHNICAL SPECIFICATIONS

Drive

Rear wheel drive IPM synchronous motor w/ regenerative braking

Maximum speed

15 mph (24 km/h)

Autonomy

Up to 9 hours

Sweeping width

From 44 in. (1118 mm) to 80 in. (2032 mm)

Litter capacity

1.25 cu.yd. / 0.96 cu.m.

Battery

Group of 4-102V batteries providing up to 69.2 kWh of energy storage. Long-lasting, high-performance Li-NMC technology.

Container payload

2000 lbs (907 kg)

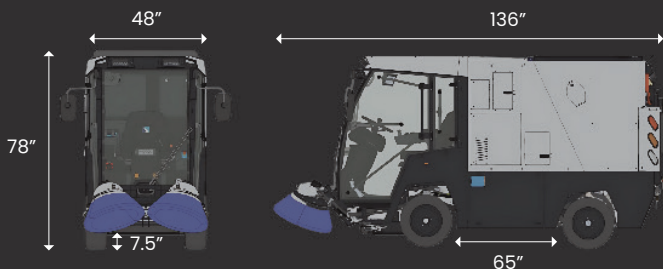

Maximum gradeability

20%

KEY FEATURES AND BENEFITS

- ▶ **COMPACT SIZE, FULL-SCALE PERFORMANCE**
At just **48 inches wide**, the LS125 is engineered for precision maneuverability and maximum efficiency in restricted spaces.
- ▶ **EXCEPTIONAL ELECTRIC AUTONOMY**
3× Better Autonomy-to-Weight Ratio
Our 102V Li-NMC battery pack offers more runtime per unit weight than any rival, reducing downtime while increasing payload and boosting productivity.
- ▶ **BUILT TO LAST**
10–12 Year Lifespan
While most machines wear out in a few seasons, ours last a decade—built tough, easy to maintain, and made to endure.
- ▶ **EASY TO DEPLOY, EASY TO OPERATE**
No CDL Required
No commercial license needed. Intuitive controls make it easy to train, easy to trust, and easy to integrate into daily operations.

BUILT YOUR WAY

Equip your machine with the tools and features that match your daily challenges. Whether you're enhancing safety, comfort, or versatility, these optional add-ons help you get more out of every shift:

RETRACTABLE WANDER HOSE (STOWED):

For remote or hard-to-reach debris collection

PRESSURE WASHER GUN

Tackle tough stains and clean surfaces on the go

RADIO WITH CD & MP3 PLAYBACK

Keep operators informed and comfortable during long shifts

HEATED MIRRORS

Maintain visibility in cold and wet conditions

FIRE EXTINGUISHER

Added safety for high-risk or remote job sites

FLAT-PROOFING FOR TIRES

Keep rolling longer with reduced risk of punctures
